24. An enrolled or registered member shall not perform his duties while he is by reason of the influence of alcohol or drugs, unlikely to be able to do so efficiently.

25. Where in any disciplinary proceedings an enrolled or registered member is found guilty of having acted contrary to the provisions of regulation 22, 23 or 24 he shall be regarded as being guilty of unprofessional misconduct.

PART IV—Disciplinary Proceedings

26.—(1) Where an allegation is made to the Council that any registered or enrolled member (in this Part referred to as “the respondent”) has been convicted of a criminal offence or is guilty of professional misconduct, the Council shall appoint an investigation committee to decide whether the case should proceed to hearing, and any investigation committee so appointed shall investigate the allegation as they think fit, and shall report thereon to the Council, stating whether or not the allegation made against the respondent has been substantiated.

(2) Where an investigation committee report to the Council that a *prima facie* case has been made out against the respondent in any case in respect of which that committee was appointed, other than one involving conviction for a criminal offence, the Council shall forthwith appoint a disciplinary committee to deal with the matter.

(3) Any investigation committee or disciplinary committee appointed in accordance with paragraph (1) or (2), as the case may be, shall consist of the chairman and four other members of the Council at least one of whom shall not be a registered dentist, so, however, that no member of an investigation committee (except the chairman of the Council) shall be appointed to be a member of the disciplinary committee in respect of the same case.

(4) A quorum of the investigation committee and the disciplinary committee, respectively, shall be three.

27.—(1) An investigation committee appointed in accordance with the provisions of regulation 26 may, in relation to any case in respect of which they are appointed, at any stage of the investigation, take advice from any attorney-at-law appointed by the Council, and may obtain proof of evidence in support of the allegations made against the respondent, and may, in such cases as they think fit, decline to proceed with the investigation unless the evidence in support of the allegations (other than evidence of a conviction) is verified by statutory declaration.

(2) Where it is proved by the certificate of the competent officer of the court in which the proceedings took place, that the respondent has been convicted of a criminal offence and that such conviction has not been subsequently quashed on appeal and that there is no pending appeal against that conviction, the investigation committee shall so inform the Council and the Council may forthwith and without further inquiry, direct the Registrar to remove the name of the respondent from the register or roll as the case may be.

(3) In any other case in respect of which it is appointed, the investigation committee shall invite the respondent to furnish any written statement of explanation which he may wish to submit and shall consider such statement of explanation before taking a decision on the matter.

28.—(1) Where a disciplinary committee is appointed in accordance with the provisions of regulation 26, they shall fix a date for hearing the matter and may direct the attorney-at-law appointed by the Council to take all necessary steps for verifying the evidence to be submitted to them and for obtaining the necessary documents and attendance of witnesses at the hearing.

(2) The disciplinary committee shall send to the respondent a notice in writing, specifying the nature and particulars of the allegation against him, and informing him of the time and place of the meeting of the disciplinary committee at which the matter will be heard.

(3) A notice under paragraph (2) shall be sent to the respondent by registered post to his address entered in the register, or if the Registrar has reason to believe that that address is not his present

address, then to any other address which may be known to the Registrar, and shall be posted so as to allow at least twenty-eight days to elapse between the date of posting and the date fixed for hearing.

(4) Where there is a complaint in any matter fixed for hearing before the disciplinary committee, the Registrar shall send him a copy of the notice sent to the respondent under paragraph (2).

(5) Any party to proceedings being held under the provisions of this regulation may be represented at the hearing by an attorney-at-law or other person, so, however, that if any such party intends to be so represented at the hearing, he shall give not less than seven days' notice of that intention to the Registrar.

29.—(1) At the hearing of any matter the attorney-at-law, Registrar, or other person appointed by the Council for that purpose, shall state to the disciplinary committee the allegation against the respondent, the facts of the case, and submit evidence in support of the allegation, and the respondent or his representative shall be entitled to cross-examine any witness appearing in support of the allegation against him.

(2) At the conclusion of the statement of the allegation against the respondent and the evidence in support thereof and the cross-examination of the relevant witnesses, the respondent or his representative shall be invited by the chairman to address the disciplinary committee and to tender evidence in answer to the charge, and the attorney-at-law, Registrar, or other person appointed by the Council for that purpose shall be entitled to cross-examine the respondent or any witness giving evidence on his behalf, and to reply upon the whole case after the respondent or his representative has replied.

30. If the respondent does not attend either personally or by a representative the disciplinary committee may proceed to hear and determine the case in his absence.

31.—(1) Upon the conclusion of the case, the disciplinary committee shall, after consideration of all the relevant evidence, report their findings forthwith to the Council in writing.

(2) The Council shall, as soon as may be practicable after the receipt of a report from a disciplinary committee, consider such report and make its decision thereon.

(3) The Registrar shall, immediately after the pronouncement by the Council of its findings in any matter, inform the respondent by registered letter of the decision of the Council, and shall after twenty-eight days from the date of posting such letter, or where there is an appeal from the decision of the Council at the conclusion of such appeal, remove the name of the respondent from the register or roll, as the case may be, if directed so to do by the Council or carry out any other decision of the Council as may be appropriate in any particular case, and make a note beside the entry in the register or roll as the case may require relating to the respondent of the decision of the Council.

32.—(1) Any appeal to the Tribunal pursuant to section 15 of the Act shall be commenced by notice in writing addressed to the Tribunal, and such notice shall be lodged with the chairman of the Tribunal and a copy delivered to the Registrar within twenty-one days from the date of the decision appealed against.

(2) Every such notice of appeal shall include—

- (a) the name and address of the appellant;
- (b) particulars of the decision of the Council against which the appeal is being made;
- (c) the grounds of appeal; and
- (d) copies of all relevant correspondence and documents.

(3) Notwithstanding anything hereinbefore contained, the Tribunal may hear and determine any appeal lodged after the time limit herein provided, if in all the circumstances of the case they think it just and proper so to do.

33. All expenses incurred by the respondent in disciplinary proceedings brought against him or by any person appealing to the Tribunal from any decision of the Council shall be borne by the respondent or person appealing, as the case may be.

PART V—Restoration of Name to Register or Roll

34.—(1) Where the name of any registered or enrolled member has been removed from the register or roll in accordance with section 13 of the Act, any application for the restoration to the register or roll of the name of that member shall be made in writing addressed to the Council and signed by the applicant stating the grounds on which the application is made.

(2) The application shall contain the names and addresses of at least three persons able and willing to identify the applicant and to give evidence as to his conduct and character since the removal of his name from the register or roll, and such other evidence as the Council may require.

(3) Not less than two of the persons mentioned in paragraph (2) shall belong to one or more of the following categories—

- (a) registered dentists;
- (b) enrolled dental auxiliaries;
- (c) registered medical practitioners;
- (d) Justices of the Peace;
- (e) ministers of religion.

(4) The Council may require the applicant to verify by statutory declaration any statement made in his application, or any further statement which it may think necessary, and may, if it thinks fit, require the applicant to attend in person at a meeting of the disciplinary committee at which the matter is to be considered.

35. If upon consideration of the application and of the evidence furnished in support thereof, the disciplinary committee is satisfied that the name of the applicant should be restored to the register or roll, they shall advise the Council accordingly and the Council may then direct the Registrar to restore the name of the applicant to the register or roll, as the case may require.
